

ANPATH GROUP, INC. CONSOLIDATES KOREAN DISTRIBUTION WITH NEW EXCLUSIVE AGREEMENT VALUED AT \$2.5 MILLION

For Release: Immediate

MOORESVILLE, NC (January 6, 2010) Anpath Group, Inc. (OTCBB: ANPG), a manufacturer of safe and eco-friendly disinfectant products, announced today that its wholly-owned subsidiary, EnviroSystems, Inc. (ESI) has consolidated its Korean distribution channels by entering into an exclusive distribution agreement with Clebio (www.clebio.com).

The Company reported the new arrangement was recently completed and consolidates distribution of its EnviroTru[®] Disinfectant & Deodorizing Cleaner into all segments within the Korean market. ESI has worked with Clebio since 2007 with an initial focus on the airline industry while expanding into other key markets. Most recently ESI worked through multiple distribution channels in Korea but in an effort to continue its growing presence in the Korean market and to capitalize on Clebio's growth and planned expansion, the Company entered into the exclusive agreement with Clebio. Anpath disclosed that the agreement is a three-year commitment valued at a minimum of \$2.5 million. An initial order for approximately \$80,000 was recently placed.

J. Lloyd Breedlove, President and CEO of Anpath Group, Inc. stated, "Over the past couple of years we have developed a solid relationship with Clebio who has been successfully developing strong, widespread business relationships. We are pleased to work exclusively with Clebio to assist them with the execution of their aggressive infection prevention business plan."

Clebio CEO, Dexter Bong Keun Cho, commented, "We look forward to this next phase of our relationship with ESI. Our past experience validates the unique advantages of the ESI product platform and we intend to capitalize on our strong reputation and offer those advantages to multiple market segments."

About Anpath Group, Incorporated:

Anpath Group, Inc. (Anpath), through its wholly-owned subsidiary EnviroSystems, Inc., produces cleaning and disinfecting products that it believes will help prevent the spread of infectious microorganisms while minimizing the harmful effects to people, equipment or the environment.
