

ANPATH GROUP, INC. SIGNS AGREEMENT WITH DISTRIBUTOR PARTNERS OF AMERICA

For Release: Immediate

MOORESVILLE, NC (April 21, 2009) Anpath Group, Inc. (OTCBB:ANPG), reported today that its wholly-owned subsidiary, EnviroSystems, Inc. (ESI) has finalized a distribution agreement with Distributor Partners of America (DPA), a network of over 152 Janitorial and Sanitary (JanSan) Industry distributors covering 46 states. The arrangement will provide DPA distributors access to ESI disinfectant and cleaner products.

Originally formed in 2000 as a marketing and buying group to provide mutual sales and group distribution benefits, DPA has since more than doubled its network of distributors and now has annual gross sales of approximately \$250 million. As a member-driven marketing and networking group working closely with partner manufacturers and suppliers, DPA helps member distributors acquire new distribution channels and achieve company revenue and profit goals.

Zachary T. Hines, Executive Director of Distributor Partners of America stated, "We are excited to be partnering with a branded niche leader like EnviroSystems, Inc. to fulfill the growing demand by DPA partners for environmentally-friendly disinfecting and cleaning products. Based on a rapidly growing public awareness of the critical need to prevent biological risks coupled with expanded industry guidelines, we believe the ESI products are ideal to meet this need by our customers and estimate approximately \$400,000 in sales during the initial 12 months of this agreement, with significant growth potential in the out years."

Jeff Savino, VP of Sales and Marketing with ESI stated, "We are very pleased to become a part of the Distributor Partners of America network. Their experience and success in the Janitorial and Sanitary distribution market will be beneficial to our plans for increased ESI brand exposure and bring our unique and proprietary chemical emulsion biocide technology platform to more consumers." Mr. Savino further stated that the company believes the addition of EnviroSystems to the already impressive list of DPA suppliers will help attract additional members into their national network.
