

ANPATH GROUP, INC. ANNOUNCES SELECTION OF ITS CLEANER BY THE TORONTO TRANSIT SYSTEM

For Release: Immediate

MOORESVILLE, NC (June 4, 2009) Anpath Group, Inc. (OTCBB: ANPG), reported today that its wholly-owned subsidiary, EnviroSystems, Inc. (ESI) announced the selection of its cleaner deodorizer, SurfaceTru™ for use by the Toronto Transit Commission, Toronto, Ontario Canada.

SurfaceTru™ is a powerful, multi-purpose cleaner deodorizer that is safe for use on a variety of surfaces. In addition to being gentle to surfaces, SurfaceTru™ is safe for the user and friendly to the environment. It does not require gloves, protective clothing, special ventilation or special handling requirements and is non-flammable. According to ESI, SurfaceTru™ is ideally suited for use in a transit system environment. As a result of its cleaning characteristics combined with its favorable materials compatibility and environmental profile, SurfaceTru™ is a natural choice for heavy traffic areas.

The Toronto Transit Commission (TTC) is a public transport authority that operates buses, streetcars, subways, and rapid transit lines in the city of Toronto in Ontario, Canada. The TTC operates 149 surface transit routes, of which 148 routes make 243 connections with a subway or rapid transit station during weekday rush hours. In 2007, the TTC carried 1.5 million passengers per day, and there were 459,769,000 passenger trips in total. The TTC employed 11,235 personnel in 2007. The TTC operates the third most heavily-used urban mass transit system in North America (after the New York City Transit Authority, and the Mexico City Metro).

About Anpath Group, Incorporated:

Anpath Group, Inc. (Anpath), through its wholly-owned subsidiary EnviroSystems, Inc., produces cleaning and disinfecting products that it believes will help prevent the spread of infectious microorganisms while minimizing the harmful effects to people, equipment or the environment.
